Re: Micea Fersedy Index No 3394/10

Dear Justice Thomas,

I am writing in lieu of Mr. Mircea Fersedy, whom I've known as a friend for more than 10 years, and to support that he is a mentally competent person. He is alert and communicates in an articulate manner. He is both mentally and physically functional and capable of caring for himself. He is independent and manages his own finances.

This letter is written without any reservation. Thank you for allowing me the opportunity in supporting an honest and intelligent man who does not deserve to have his reputation tarnished and demoralized by uncaring people.

Faithfully,

  
Anna Negioni
